EXPERIENCE

Mobile Team Lead

Aldrees | 08/2026 - Present | Cairo · Hybrid

Aldrees Petroleum & Transport Services Company, one of Saudi Arabia's largest fuel-retail and logistics companies.

- Leading the mobile team and owning the delivery of the company's mobile apps.
- Setting architecture, code-review and release standards for the team.
- Shipped Aldrees Workspace, the employee attendance app with face liveness and location checks.

Senior Mobile Developer

Daftra | 06/2026 - 09/2026 | Smart Village · Hybrid

A cloud-based ERP platform that streamlines accounting, sales, inventory, CRM, HR, and business operations for organizations of all sizes.

- Optimized application performance, stability, and user experience.
- Collaborated with cross-functional teams to deliver new features and product enhancements.

Senior Flutter Developer

Elm Company | 06/2025 - 06/2026 | Outsourced via NTG

Leading Saudi technology company delivering secure digital solutions to 60,000 public and private sector clients.

- Developed and maintained a large-scale government digital platform (HAWI).
- Enhanced performance and implemented new features for a government application.

Senior Flutter Developer

NTG Clarity | 05/2024 - 06/2026 | Giza, Egypt

NTG Clarity is a leading IT services & solutions provider in Canada & the Middle East.

- Improved application performance and memory usage.
- Collaborated with backend and QA teams to improve delivery quality.
- Refactored legacy modules into scalable architecture.

Senior Mobile Developer

Grand Technology | 04/2023 - 05/2024 | 6th of October · Part-time

- Built and shipped mobile apps for the company's products: Incentify, iLibrary, Finds and Cognify.

Senior Flutter Developer

Mele SBS | 03/2022 - 04/2024 | Heliopolis

An innovative team working across marketing and software development.

- Led the Flutter team in delivering multiple production applications.
- Designed scalable and maintainable Flutter solutions.
- Mentored junior developers and conducted code reviews.

Senior Flutter Developer

Almedad Soft | 09/2021 - 03/2022 | Nasr City

Software apps for ERP systems.

- Developed and delivered 5 applications from scratch.

SUMMARY

Senior Flutter Engineer with 8+ years of software development experience and 7+ years specializing in Flutter. Built and delivered 30+ production applications across mobile, desktop, and web platforms. Experienced in scalable architectures, performance optimization, offline-first applications, CI/CD, and leading development teams. Passionate about building maintainable, high-performance applications.

RECENT PROJECTS

Aldrees Workspace

Aldrees

Employee attendance app with face verification, liveness checks and location-aware punches, in four languages with full RTL.

HAWI

Elm Company

A Saudi government platform for hobby clubs under Vision 2030: clubs, bookings, events, courses and club finances.

Incentify

Grand Technology

Workforce motivation platform with role-based tasks, KPI points and rewards, shift scheduling, live operations map and AI scheduling.

RAQIB

Code Navigate

Enterprise accounting system: chart of accounts, journals, invoicing and financial reporting.

Finds

Grand Technology

Local discovery app for restaurants, cafes and events, with personalized recommendations, reviews, deals and social plans.

Main Pro

Mele SBS

Maintenance marketplace for car, home and electronics repair, with a partner app for providers across Saudi Arabia.

Daftra

Daftra

Mobile app for a cloud ERP: invoicing, sales, accounting, inventory, HR and reports, synced with the web platform.

NTG apps

NTG Clarity

A low-code platform for creating business applications, forms, and workflow management solutions.

iLibrary

Grand Technology

A subscription reading platform with 70,000+ eBooks and AI-powered explanations, translation and vocabulary.

Mele ERP

Mele SBS

ERP system for inventory, sales, purchasing, accounting and customer management.

Cognify

Grand Technology

Eleven brain-training games with leaderboards, real-time rooms with friends, daily challenges and offline play.

Styles Creator

Almedad Soft

Virtual styling app to build outfits by positioning, resizing and rotating clothing items before buying.

These are some of my recent projects. See more apps, with their App Store and Google Play links, in my portfolio:
